1. Dates and deadlines – Export Provisions

1.1 Delivery dates and deadlines are only binding if they are expressly designated as "binding" in the Individual Contract. Subsequent amendments to the Contract may lead to an extension of the agreed delivery periods and postponement of the delivery dates. Neither absolute nor relative fixed-date transactions are agreed between Peri and the Customer with respect to Peri's performance obligation unless a fixed-date transaction is agreed explicitly and in writing.

1.2 Deliveries are executed only after complete clarification of all the execution details and confirmation of the delivery periods and deadlines by Peri in written form (letter, fax, e-mail).

1.3 Delivery periods shall not commence before the Customer has fulfilled its contractual and cooperation obligations, if any, and has provided the necessary official certificates and permits and, if advance payment has been agreed, not before Peri has received the agreed payment.

1.4 If Peri's supplier does not make the delivery relevant for the New Goods ordered by the Customer correctly or on time, the agreed delivery periods and dates shall be extended in each case by the duration of the hindrance plus a reasonable start-up period, provided that the reasons for the supplier's failure to make the delivery, to make it correctly or on time do not lie within Peri's area of responsibility.

1.5 In the event of non-binding delivery periods or delivery dates that are extended in accordance with the above provisions, Peri shall not be in

default prior to the fruitless expiry of a reasonable period for delivery set by the Customer in writing.

1.6 Impediments due to force majeure or other unforeseeable impediments for which Peri is not responsible, such as work stoppage, strike, lockout, governmental prohibitions, war, embargo, epidemics, pandemics, operational disruptions, extend the deadlines and postpone the dates corresponding to the time of their duration plus a reasonable start-up period. The same applies even if such a condition arises on part of the pre-suppliers or sub-contractors of Peri. Peri is not responsible for the aforementioned circumstances even if they occur during an already existing delay. Peri will inform the Customer of the beginning and the expected end of such circumstances as soon as possible. If the hindrance lasts for six weeks or longer, both parties to the Contract may withdraw from the Contract.

2. Passing of risk, shipping – Export Provisions

2.1 Subject to clause 2.5 below, Peri delivers FCA following Incoterms 2020 from the designated Peri warehouse.

Each partial delivery can be invoiced separately.

2.3 Only if explicitly agreed in an individual case that Peri takes over transportation of the Purchase Item, Clause F.III shall apply.

2.4 Peri determines at its discretion the nature of the transport vehicles used for shipping.

2.5 In deviation of FCA Incoterms 2020, the Customer shall bear the costs for packaging, shipping and freight.

3. Acceptance – Export Provisions.

3.1 The Customer or a representative of the Customer must accept the Purchase Item at the Peri plant or warehouse agreed by the contracting parties. The acceptance of the Customer shall be decisive for the transfer of the risk of accidental loss and accidental deterioration of the Purchase Item. In all other respects, the statutory provisions of the law on contracts for work and services shall also apply mutatis mutandis to an agreed acceptance.

3.2 With the signature under the delivery note, the Customer declares the acceptance of the Purchase Item, which indicates whether the Purchase Item has been handed over in the agreed quantity and is clean and free of obvious defects. Acceptance and/or acceptance of the Purchase Item may not be refused due to minor defects.

3.3 The Customer is in default of acceptance if it does not collect the Purchase Item on the bindingly agreed delivery date or, in the case of contractually agreed acceptance, does not accept it despite it being ready for acceptance. In the case of non-binding delivery periods or delivery dates, Peri may notify the Customer with a notice period of two weeks that the Purchase Items are ready for collection and/or, in the case of contractually agreed acceptance, for acceptance; if the Customer does not collect and/or accept the Purchase Items at the end of the notice period, it shall be in default of acceptance.

3.4 Handover or acceptance shall be deemed to have taken place if the Customer is in default of acceptance. In particular, if the Customer does not appear on the agreed acceptance date although Peri has summoned it in good time and informed it of the consequences of its failure to appear on the agreed acceptance date, the Purchase Item shall be deemed to have been accepted in accordance with the Contract unless the Customer is not responsible for its failure to appear.

acceptance of the built Formwork and/ or Scaffold is not included in the calculation of stability.

2. Customer's obligations to cooperate

2.1 The Customer must review the correctness of the assembly and Pre-Assembly Plans with regard to the specific project for obvious incorrectness. The Customer must return the assembly and Pre-Assembly Plans to Peri immediately after reviewing and approving them.

2.2 The Customer must inform Peri immediately in writing if it requires any changes in the assembly and Pre-Assembly Plans for Formwork and/or Scaffold with regard to the specific project. In this notification, the Customer must also inform Peri of the desired changes. In the event of a delay of more than one week in sending the notification after receiving the assembly and Pre-Assembly Plans, the plans are considered to be approved by the Customer unless they are obviously not eligible for approval.

3. Price

3.1 The price of engineering and structural calculation services is subject to the regulations in the Contract.

4. Rights to results of work

4.1 Customer may only use the results of the engineering and structural calculation services of Peri for the contractually agreed purposes and may not publish them without the express prior consent of Peri. The publication shall always mention the name Peri; any change to the original documents from Peri shall require the express prior written consent. Disclosure of the results of the services to third parties shall likewise require the express prior written consent of Peri.

4.2 The Customer acknowledges that in terms of the Copyright Act, Act No. 78 of 1978, copyright will automatically vest in Peri in terms of the work.

4.3 To the extent that the results of the services of Peri are copyrightable, Peri shall be entitled to the copyright. In these cases, Customer shall receive, in the context of Clause D.4.1 above, the irrevocable, exclusive and non-transferable right to use these results, unlimited with respect to time. Peri reserves the right to use the results of its services.

5. Miscellaneous

In the event of any conflict between the provisions of Clause A (on the one hand) and the provisions of Clause D (on the other hand), the provisions of Clause A shall take precedence. Save as aforesaid, the remaining provisions of Clause D shall apply.

E. Special Terms of Peri for briefing and plan comparison

1. Performance description

Insofar as explicitly agreed in the Contract, Peri undertakes to brief the employees appointed by the Customer with regard to the use of Formwork and/or Scaffold material delivered by Peri and undertakes the plan comparison by a supervisor. Peri provides the following services with respect to the briefing or plan comparison:

1.1 Briefing:

1.1.1 Peri briefs the employees of the Customer as to the proper and professional handling of Formwork and/or Scaffold as per the Peri assembly and use instructions. The assembly itself lies in the area of responsibility of the Customer as sophisticated end user.

1.1.2 The briefing does not replace the risk assessment and assembly instructions of the Customer as per the industrial safety regulation.

1.2 Plan comparison:

1.2.1 Peri checks the conformity between the actual super-structure of the Formwork and/or Scaffold with the assembly plan within the framework of plan comparison. Here the supervisor appointed by Peri inspects the Formwork and/or Scaffold built by the Customer by means of a random visual inspection for any apparent deviations from the assembly plan.

1.2.2 The plan comparison does not replace the assembly instruction and/or the risk assessment of the Customer as per the industrial safety regulation.

1.3 The Customer must fulfil all the prerequisites that are necessary for the service of Peri. The Customer must produce public law approvals for the construction of the Formwork and Scaffold.

1.4 Peri is not liable for damages that are caused by the Customer through the assembly of Formwork and/or Scaffold executed by the Customer to the extent the damage is based thereon.

2. Responsibility of the supervisor

2.1 The supervisor does not have authority to give instructions to site staff. Thus, he is not responsible for the compliance with work safety regulations and safety relevant requirements and crane and forklift use.

2.2 The supervisor is not responsible for delivery schedules or for usage and functionality of Formwork and/or Scaffold material that is in the Customer's possession or that is the property of Customer.

3. Working hours, remuneration

3.1 The working hours of Peri Employees (as defined under

Clause F.I.4.2) are determined by employment agreements and/or the collective pay agreements applicable to Peri. Working and travel periods are recorded on time sheets. Time sheets are signed by the Customer.

3.2 The remuneration will be charged to the Customer for the agreed hourly rates plus any supplements for overtime, night or shift operations, unless agreed otherwise. Peri will provide the list of hourly and overhead rates on demand to the Customer free of charge.

3.3 The hourly rates do not include any daily allowances, costs for boarding and lodging, travel expenses and cost for the transportation of equipment and luggage.

4. Protocol

After briefing is completed by the supervisor, the site manager appointed by the Customer as per Clause F.I.4.1 is obliged to sign the briefing protocol and thus, confirm the proper and complete fulfilment of the briefing obligation and also confirm the handover of any documents.

5. Rights to results of work

The provisions of the Terms pursuant to Clause D.4 shall apply accordingly.

6. Miscellaneous

In the event of any conflict between the provisions of Clause A (on the one hand) and the provisions of Clause E (on the other hand), the provisions of Clause A shall take precedence. Save as aforesaid, the remaining provisions of Clause E shall apply.

F. Special Terms of Peri for ancillary services

1. Special Terms of PERI for special Formwork Pre-Assemblies

1. General and terminology

1.1 Certain products of Peri such as, climbing formwork or railcars for tunnel formworks, can be delivered in individual parts or prepared for use. If the Customer agrees with Peri on pre-assembly (hereinafter referred to as "Formwork Pre-Assembly"), then the following conditions apply.

1.2 These Special Terms for Formwork Pre-Assemblies relate solely to formwork pre-assemblies and dismantling of formwork material and formwork components, which are done at the construction sites.

1.3 The Customer must obtain all approvals and permissions required for the Formwork Pre-Assembly in good time before the beginning of Formwork Pre-Assembly agreed with Peri.

2. General performance description for special Formwork Pre-Assembly

2.1 The object of Formwork Pre-Assembly is to assemble special formwork products such as support structures, climbing systems, tunnel formwork carriages, work and safety scaffolds, supporting frames and special formworks, which are generally delivered to the construction site in individual parts and must be assembled at the construction site before use. Formwork Pre-Assemblies also cover the reconstruction and dismantling of the special formwork products mentioned in the preceding sentence insofar as this is agreed between Peri and the Customer.

2.2 Peri executes Formwork Pre-Assemblies with technically skilled mechanics, subcontracting companies and using its own tools.

2.3 Insofar as Peri is commissioned to execute the Formwork Pre-Assembly, Peri will give the assembly plans to the Customer within a reasonable period before the beginning of assembly operations. The assembly plans must be prepared in accordance with the approved standards of technology. The Customer must check the correctness of the assembly plans within a reasonable period of time from receipt. He must countersign these plans immediately after reviewing them and return them to Peri as a sign of approval. Peri should be informed in writing immediately if certain changes are required in the assembly plans. If the Customer sends neither the countersigned plans nor the information about change requirements to Peri within a reasonable period, even after Peri issues a written demand, then the plans are considered as approved unless they are not eligible for approval. Peri does not perform any construction services.

2.4 The exact scope of work of Formwork Pre-Assembly services is agreed in the Contract.

3. Deadlines and dates

3.1 If binding deadlines have been determined for Formwork Pre-Assembly operations in writing, then they only start after the Customer has fulfilled all his cooperation obligations.

3.2 If Peri does not meet the deadlines, then the Customer must first set out an appropriate grace period. Claims for compensation for damages caused by delay shall be determined in accordance with Clause A.10.

3.3 If the Customer requests changes on the special formwork products, which are to be pre-assembled by Peri in terms of Clause F.I.2.1 (hereinafter referred to as "Subsequent Change Requests of the Customer"), then these Subsequent Change Requests of the Customer are executed by Peri to the extent they are possible and reasonable at the cost of the Customer.

- 34 Subsequent Change Requests of the Customer extend the agreed deadlines in accordance with their effects.
- 35 The Formwork Pre-Assembly deadline is considered to be met if the pre-assembly service is ready for the Customer to accept.
- 36 In case of delays or interruptions during the Formwork Pre-Assembly for which the Customer is responsible, all the postponement of deadlines and extra costs, particularly the costs for waiting periods and additional travel and accommodation costs, are to be borne by the Customer.
- 37 Impediments due to force majeure or other unforeseeable impediments for which Peri is not responsible, such as work stoppage, strike, lockout, government prohibitions, war, embargo, epidemics, pandemics and operational disruptions, extend the deadlines and postpone the deadlines accordingly by the time of their continuation plus a reasonable start-up period. The same applies even if such a condition arises on part of the sub-contractors of Peri. Peri is not responsible for the aforementioned circumstances even if they occur during an already existing delay. Peri will inform the Customer of the beginning and the expected end of such circumstances as soon as possible. If the hindrance lasts for 6 (six) weeks or longer, both parties to the Contract may withdraw from the Contract.
- 4. Work safety and accident prevention**
- 41 Immediately after placing an order, the Customer must appoint a responsible site manager, safety and health coordinator and safety expert.
- 42 After the order is placed by the Customer and before the beginning of pre-assembly, the Customer briefs the persons, who are executing the Formwork Pre-Assembly works at the construction site (hereinafter referred to as "Peri Employees") about the local surroundings and the safety and health plan and shares information about emergency exits, first aid and fire protection devices and also special potential hazards of the construction site.
- 43 The Customer provides and installs required fall protection devices and support devices at own expense and risk at all workplaces and traffic routes on which services are carried out by Peri.
- 44 Tests according to any guidance issued by health and safety inspectors are to be executed by the Customer at its expense.
- 45 Unless agreed otherwise, the Customer bears the cost for the measures that are required to protect persons and material at the pre-assembly location.
- 5. Approval of special Formwork Pre-Assembly, defects and beginning of the rental period**
- 51 The Customer or a representative of the Customer is obliged to accept the Formwork Pre-Assembly service as per the Contract as soon as Peri reports the completion of the concluded pre-assembly without delay. Acceptance and/or acceptance of the Formwork Pre-Assembly may not be refused due to minor defects. The Customer must accept the Formwork Pre-Assembly as per the Contract irrespective of the technical or official inspections that the Customer performs together with a third party.
- 52 By accepting the Formwork Pre-Assembly, the Customer confirms the functionality and completeness of the total scope of delivery.
- 53 A protocol is prepared about the acceptance, which is signed by both parties. All defects and damages to the objects pre-assembled by Peri are to be mentioned in this protocol.
- 54 If it is established that the Formwork Pre-Assembly is not done as per the Contract, then Peri is entitled to carry out repair work. If the rectification of defects falls within a reasonable period of time, the Customer may, at its option, reduce the remuneration or withdraw from the Contract for provision of Formwork Pre-Assembly services. The Customer is not entitled to further claims, except for any claims for damages limited in accordance with Clause A.10. Warranty claims become time-barred 12 (twelve) months after transfer of risk. Claims due to defects notified belatedly are excluded.
- 55 Acceptance shall be deemed to have taken place if the Customer is in delay of acceptance and there is no major defect in relation to the Formwork Pre-Assembly to be provided by Peri. In particular, if the Customer does not appear on the agreed acceptance date although Peri has summoned it in good time and informed it of the consequences of its failure to appear on the agreed acceptance date, pre-assembly shall be deemed to have taken place unless the Customer is not responsible for its failure to appear; the same applies if acceptance has not taken place after two weeks have elapsed since notification of the completion of Formwork Pre-Assembly for reasons for which the Customer is responsible.
- 56 Clause C.8 applies to the beginning of the rental duration insofar as the special Formwork products are provided for rent.
- 6. Return at the time of dismantling**
- 61 A visual inspection of the object to be dismantled is to be performed by Peri and the Customer together before the dismantling for disassembly and alteration work starts.
- 62 The damages to the rented products that are evident in the visual inspection performed as per Clause F.I.6.1 and have developed during the rental period, and also apparently missing or damaged parts, are recorded in the protocol in writing and documented with the aid of photographs. The Customer then confirms the accuracy of the statements in the protocol.
- 63 Peri can claim damages that are not detected in the visual inspection and that have developed during the rental period against the Customer within 8 (eight) weeks after the visual inspection. A letter to the Customer is sufficient to assert any damage claim in accordance with the preceding sentence in which Peri informs the Customer about the subsequently detected damages and the costs required for their rectification.
- 7. Price and additional expenses**
- 7.1 The price for the special Formwork Pre-Assemblies is subject to the regulations in the Contract.
- 7.2 If pre-assembly services are reasonably interrupted or not started due to improper structural conditions, organisation of the construction site or at the instigation of the Customer in any other way, the necessary additional expenses will be remunerated separately to Peri according to expenditure.
- 7.3 The Customer must also pay Peri separately for the additional expenses that are not included in the issued order, particularly additional expenses for changed pre-assemblies, and for unforeseen difficulties that respectively fall within the Customer's area of responsibility. Insignificant additional expenses shall be disregarded and shall not be remunerated separately.
- 8. Staff liability**
- Peri provides no warranty and accepts no liability with regard to culpable conduct on the part of persons provided by the Customer. Such persons are vicarious agents of the Customer.
- 9. Rights to results of work**
- The provisions of the Terms pursuant to Clause D.4 shall apply accordingly.
- 10. Validity of the Terms of Peri for the sale and renting**
- The Special Terms of Peri for the sale of Formwork and Scaffold (Clause B) and/or Special Terms of Peri for renting of Formwork and Scaffold (Clause C) remain unaffected by these Special Terms for Formwork Pre-Assemblies.
- 11. Miscellaneous**
- In all other respects, the provisions of the Terms pursuant to Clause A shall apply. In the event of any conflict between the provisions of Clause A (on the one hand) and the provisions of Clause F.1 (on the other hand), the provisions of Clause A shall take precedence. Save as aforesaid, the remaining provisions of Clause F.1 shall apply.
- II. Special Terms of Peri for the Formwork pre-assemblies at the Peri site**
- 1. Field of application and Definitions**
- The Special Terms of Peri for Formwork pre-assemblies at the Peri site apply to pre-assemblies agreed between Peri and the Customer, which are not the Formwork Pre-Assemblies as per Clause F.I.2. These must be executed at the Peri site.
- 2. Pre-assembly plans**
- 21 Pre-assembly plans can be prepared by the Customer or, if commissioned separately, by Peri. If pre-assembly plans are provided to Peri by the Customer, then Peri executes the pre-assembly according to these plans. Peri does not review the pre-assembly plans of the Customer and does not assume any liability for the correctness of the pre-assembly plans provided by the Customer. Peri shall point out to the Customer any obvious defects that prevent Peri from performing the pre-assemblies.
- If the pre-assembly plans are to be prepared by Peri as per the Contract, then the regulations of the Special Terms of Peri for engineering and structural calculation services (Clause D) apply.
- 22 If the Formwork pre-assembly is to be executed at the Peri site as per the Contract, then the Customer receives the pre-assembly plans before the beginning of the pre-assembly insofar as Peri has been commissioned by the Customer with the task of preparing the pre-assembly plans.
- 23 If the pre-assembly plans are to be prepared by the Customer, then the Customer's pre-assembly plans should include all specifications required to produce the end product. Besides the geometric form with all necessary dimensions, it should also include the constructional and static connections and the materials and quality characteristics.
- 3. Change in design**
- If the Customer wants to change the pre-assembly plans prepared by Peri or if he orders the changes, these changes are carried out at his own expense insofar as Peri considers them to be possible and reasonable. Subsequent change requests extend the periods in accordance with their effects.
- 4. Execution of the pre-assembly**
- 41 If the Customer uses its own materials, Peri insofar is not liable for any damage caused by these materials during the pre-assembly.
- 42 Parts that are provided by the Customer must be in a sufficiently clean and functional condition. If this is not the case, then the Customer

must bear additional expenses required such as those for inspection and sorting.

5. Approval of the pre-assembly

5.1 The Customer or a representative of the Customer is obliged to accept the pre-assembly service as per the Contract as soon as Peri reports the completion of a concluded pre-assembly without delay. Acceptance and/or acceptance of the pre-assembly may not be refused due to minor defects. The Customer must accept the pre-assembly irrespective of the technical or official inspections, which the Customer performs together with a third party.

5.2 By accepting the pre-assembly, the Customer confirms the functionality and completeness of the total scope of supply.

5.3 Defects or damages to the objects pre-assembled by Peri must be included in a protocol that is to be prepared together and signed by the Customer and Peri at the time of acceptance.

5.4 If it is established that the pre-assembly is not done as per the Contract, then Peri is entitled to carry out repair work. If the rectification of defects fails within a reasonable period of time, the Customer at its discretion may reduce the remuneration or withdraw from the Contract for provision of pre-assembly services. The Customer is not entitled to further claims, except for any claims for damages limited in accordance with Clause A.10. Warranty claims become time-barred 12 (twelve) months after transfer of risk. Claims due to defects notified belatedly are excluded.

5.5 Acceptance shall be deemed to have taken place if the Customer is in delay of acceptance and there is no major defect in relation to the pre-assembly to be carried out by Peri. In particular, if the Customer does not appear on the agreed acceptance date although Peri has summoned it in good time and informed it of the consequences of its failure to appear on the agreed acceptance date, pre-assembly shall be deemed to have taken place unless the Customer is not responsible for its failure to appear; the same applies if acceptance has not taken place after 2 (two) weeks have elapsed since notification of the completion of pre-assembly for reasons for which the Customer is responsible.

6. Delayed call off

6.1 If the Customer does not call off the fully assembled materials until the agreed date, then he falls into default of acceptance without further requests. In this case, the Customer shall be liable for compensation. In this respect, the risk shall pass to the Customer. In so far, the Customer shall also bear the necessary additional expenses such as storage costs.

6.3 If the pre-assembled material is rented by the Customer, then the rental period begins from the point of time at which the Customer delays the acceptance or, if the delay in acceptance occurs at a later point in time, at the point in time at which the Customer delays acceptance.

7. Price

The price for the special Formwork Pre-Assemblies is subject to the regulations in the Contract.

8. Deadlines and dates

8.1 If binding deadlines have been determined for the pre-assembly services in writing, then these only begin after the Customer has fulfilled all its cooperation obligations.

8.2 If the fixed dates are not met by Peri, then the Customer is obliged to set an appropriate grace period that adequately enables Peri to subsequently fulfil its obligations under the Contract.

8.3 Claims to compensation for damages caused by delay shall be determined in accordance with Clause A.10.

8.4 Subsequent change requests by the Customer are carried out at his own expense insofar as Peri considers them to be possible and reasonable. Subsequent change requests extend the periods in accordance with their effects.

9. Rights to results of work

The provisions of the Terms pursuant to Clause D.4 shall apply accordingly.

10. Validity of the Terms of Peri for the sale and renting

The Special Terms of Peri for the sale of Formwork and Scaffold (Clause B) and/or Special Terms of Peri for renting of Formwork and Scaffold (Clause C) remain unaffected by these Special Terms for Formwork pre-assemblies.

11. Miscellaneous

In all other respects, the provisions of the Terms pursuant to Clause A shall apply.

III. Special Terms of Peri for transport services

1. General information

1.1 Only if explicitly agreed in writing, Peri provides transport services with regard to the Purchase Item and/or the Rental Object.

1.2 Peri does not provide the transport service itself. Peri hands over the Purchase Item and Rental Objects to be transported by Peri to the shipping agent or the forwarder.

2. Transport

The transport of the Purchase Item and/or Rental Object starts from the location explicitly agreed in writing.

3. Passing of risk

Insofar as Peri takes over the transport of the Purchase Item or Rental Object, Peri bears the risk of transport until the item is handed over to the Customer.

4. Price

The price for the transport services is subject to the regulations in the Contract.

5. Miscellaneous

In the event of any conflict between the provisions of Clause A (on the one hand) and the provisions of Clause F.II (on the other hand), the provisions of Clause A shall take precedence. Save as aforesaid, the remaining provisions of Clause F.II.
