Sales Support That Comes to You

Whether remote or on-site, our sales teams are hands-on, helping you select the right products for your specific needs, fast and hassle-free.

Streamlined Logistics and Reliable Delivery

From order to delivery, our logistics team ensures the right consumables reach your site when you need them, no delays, no guesswork.

On-Site Technical Guidance

Our technical teams offer practical, site-based support to help you install, use, and optimise your consumables correctly, first time, every time.

The benefits to you

- Fast access to everyday site essentials
- Fewer delays, thanks to reliable stock and logistics
- Clean concrete results, less patching and repair
- Backed by expert advice and technical integration
- Supported by value-added services and a full system portfolio

PERI's consumables range brings together essential products for every construction site, all backed by decades of engineering expertise. Whether you're working with concrete, rebar, or formwork, our accessories support efficient, high-quality, and safe execution. Built for real-world sites, our portfolio helps you stay organised and productive. Whether you're collecting a few cones or coordinating an entire formwork solution, PERI ensures consistency, simplicity, and peace of mind.
